Swisslog Announces Group Purchasing Agreement with MAGNET for Pneumatic Tube Systems and Pharmacy Automation Solutions

DENVER, Colo. (April 1, 2010) – Swisslog, a leading provider of automated materials transport and pharmacy automation solutions for hospitals, today announced that it has renewed its group purchasing organization agreement with MAGNET, Inc.

The three-year agreement, which becomes effective April 1, 2010, will give MAGNET member facilities access to contracted pricing and exclusive benefits through Swisslog for [pneumatic tube system](#) components, accessories and software. MAGNET members will also benefit from contracted pricing for pharmacy automation technology, including Swisslog's [PillPick® automated drug management system](#), [BoxPicker automated drug storage & retrieval system](#), as well as the [ATP line of high-speed tablet packagers](#).

“Swisslog is renewing its six-year relationship with MAGNET to provide its hospital members access to a wider line of pharmacy automation solutions and light-load materials transport solutions,” said Jim Patrician, senior vice president of Swisslog Healthcare Solutions. “Our pneumatic tube systems offer hospitals outstanding reliability and a speedy return-on-investment by reducing manual transport tasks and returning staff to patient-relevant tasks.”
